

TO ALL PASTORS AND CHURCH LEADERS,

We greatly appreciate the incredible work you are doing and the support you provide to us as a ministry. Recognizing your dedication, we, together with Advisors with Purpose, are pleased to invite you to a special webinar designed specifically for pastors and church leaders. Rest assured, this is purely an opportunity for you to enrich your understanding of financial discipleship and explore strategic solutions available to churches today.

As economic challenges loom, including increasing financial pressures, demographic shifts, evolving generational attitudes, and threats to long-standing tax benefits, it is crucial to equip church leaders with the knowledge to navigate these complexities. This webinar will delve into these pressing issues and suggest practical responses for the church. We will also explore the emerging Great Wealth Transfer that is influencing financial landscapes.

Moreover, we will discuss reasons why cultivating robust financial stewardship ministries within churches, regardless of size, is vital. We will present compelling arguments for integrating an Estate Planning program into your church's ministry, highlighting seven key reasons for its importance.

The presentation will focus on several critical topics:

- 1) Addressing the issue of shrinking revenues from various factors
- 2) Best practices to tackle financial challenges
- 3) The significance of a strong financial stewardship ministry
- 4) The essential role of estate planning and planned giving in finding solutions
